

Eriez

E-Z Tec XR Series X-Ray Inspection Systems from Eriez

Eriez manufactures X-Ray Inspection systems that deliver the highest level of product and packaging integrity.

E-Z Tec X-Ray Inspection Systems:

- Identify contaminants
- Control product and package mass
- Scan for missing or damaged product
- Detect packing voids
- Confirm fill levels

Eriez' automated X-Ray inspection systems employ advanced linear array technology for superior sensitivity and speed for liquid and loose product flow and package inspection. They provide real-time analysis of dairy products, packaged foods, pharmaceuticals and other goods requiring the highest levels of product integrity. Systems detect unwanted metals, stone, glass, bone and some plastics.
