

## BluePrint Automation

BluePrint Automation was founded in 1980 to provide fully automatic case packers for flexible bags. Since then, our company has become a worldwide leader in packaging automation. With 20+ years in the dairy industry, BPA is a multinational packaging automation company focused on three areas of expertise:

- **Primary Packaging:** Sophisticated vision-guided robotics picking individual packaged and unpackaged items for loading into your containers or Horizontal Form, Fill and Seal machines.
- **Secondary Packaging:** Case and tray packing solutions for flexible and other tough-to-handle packages (i.e. bags of cheese). Ask us about Retail Ready Packaging!
- **Complete Packaging Automation Systems:** Turnkey packaging solu-

tions taking total control of your packaging line from the end of processing through palletizing!

Backed by thousands of successful installations in over 30 countries, BluePrint systems are constructed for around the clock operation and known worldwide for their **quick change over, flexibility, speed and simple design.**
