

Cheesixx

The multifunctional cheese-cutting machine

The Cheesixx is the smallest machine in the cheese product range. Whether you require small, medium-sized, or large dice, sticks or "flakes", or special shapes such as cylinders, triangles or shreds, with its patented cutting technology, the Cheesixx handles all jobs reliably and professionally.

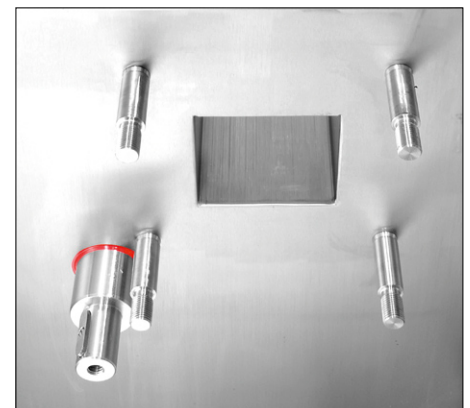

Product features:

- » Magazine closure with slide
 - » HD hydraulics for cheese processing
 - » Fully-sealed magazine with open drainages
 - » Adjustable blade speed
 - » THC system for perfect shredding*
 - » Pre-filling chamber
 - » Computer controlled
-
- » Cutting sets for dices and sticks and other shapes
 - » Cutting sets for shredding

*Accessoires

 All machines fulfil the strictest CE safety and hygiene regulations.

Pictures include some additional equipment.
