How the Weber Scientific Frequent Buyers Program Works

You'll receive *Frequent Buyers* coupons – called *Cowbucks* – with every purchase of \$50.00 or more of Weber Scientific products. Collect enough points to get these terrific FREE gifts. It's easy to redeem your *Cowbucks*. Just follow the simple instructions on the attached order form. If you have any questions about our *Frequent Buyers* Program, please call us at 800-328-8378.

Every Single Weber Scientific Product Comes With *Cowbucks*

All orders of \$50.00 or more entitles you to receive *Cowbucks*. *Cowbucks* are given based on the total value of the order and will be packed with your shipment. For every \$50.00 in purchases, you will receive 10 *Cowbucks*.

For Example:

Spend \$50.00 - \$99.99, get **10** *Cowbucks*

Spend \$100.00 - \$149.99, get **20** *Cowbucks*

Spend \$150.00 - \$199.99, get **30** *Cowbucks*

And so on.

*Minimum order is \$10.00, eligibility in program begins with orders of \$50.00 or more.

It's easy to redeem your points.

Just follow the simple instructions on the order form in the back. To request additional order forms visit us at weberscientific.com, or if you have any questions at all, please call us at **800-328-8378**.

Allow two to eight weeks for receipt of your free gift(s). In the event of a model change or discontinued product, you will be offered the choice of a new model or another selection having the same point value. Weber Scientific is absolutely not responsible for lost, stolen or mutilated coupons under any circumstance. Nor is Weber Scientific responsible for lost mail. You may want to consider mailing coupons by certified mail. Offer good only in U.S.A. We reserve the right to cancel this promotion at any time without prior notice. Invalid where prohibited by law or institutional policy.

Weber Scientific is proud to celebrate 50 years of providing the dairy and food industry with superior laboratory supplies. The Frequent Buyers Program was introduced over ten years ago as a way to thank you for your loyalty. We continually receive such positive feedback about how fun and exciting this program has been for you and your colleagues. Thank you for your continued trust and we look forward to spending the next 50 with you as well!

Give an Udderly Original Gift

Weber Scientific is excited about partnering with Heifer International. Now you have the opportunity to donate your cow bucks to this incredible charity. A donation represents a heifer and training in its care, which brings health and hope to struggling families worldwide.

A good dairy cow can produce four gallons of milk a day - enough for a family to drink and share with neighbors. Milk protein transforms sick, malnourished children into healthy boys and girls. The sale of surplus milk earns money for school fees, medicine, clothing and home improvements.

And because a healthy cow can produce a calf every year, every gift will be passed on and eventually help an entire community move from poverty to self reliance. Now that's a gift worth giving!

Founded in 1944, Heifer Project International is a humanitarian assistance organization that works to end world hunger and protect the earth. Through livestock, training and passing on the gift, Heifer has helped 8.5 million families in more than 125 countries improve their quality of life and move toward greater self-reliance. Heifer helps build strong communities because each project participant agrees to pass on the gift of animal offspring, training, or skills to another family in need. For detailed information, please visit their website at www.heifer.org.

SOLUTIONS BY
WEBER SCIENTIFIC

Since 1959, Weber Scientific has provided the dairy and food industry with superior laboratory supplies. There are various aspects that keep quality control in check and yet no matter how hard you try there can be "little things that bug you." Laboratory personnel will relate closely to this artwork since they are working daily with pesky bacteria. However, all of us are plagued with daily annoyances. Long commutes, new procedures, outdated equipment, the list can go on and on. This new collection is a fun and whimsical way to assure that you are not alone in your frustrations. So what are the little things that bug you?

It's the Little Things that Bug You™

T-Shirt from L.L.Bean

Good Housekeeping called it a "Spillproof Gem"

Made of wrinkle-resistant 100% cotton fabric, and jersey-knit from strong, smooth yarn that's ring-spun for softness. Straight hem. Durable double-needle stitching. Machine wash and dry.

Specially finished to resist stains, wrinkles, shrinking and fading.

Premium cotton is ring-spun for added durability.

Infectious Awareables™ Silk Ties and Scarves

There has been an outbreak of E. Coli, and Foodborne Six, at Weber Scientific!

Do not panic though! We are not sick, the ties and scarves are. That's right our silk ties and scarves have been infected. The Infectious Awareables™ are the new popular fashion and it is becoming really contagious. Each tie and scarf has an actual scientific image of a specific disease and is made from the highest quality, 100% silk. Hurry up and get your tie or scarf today before they are cured!

Scarf dimensions: 47" L x 13" W

A "Learning Note" with basic information is incorporated on the reverse side of every tie, along with a label crediting the source of the image, and the name of the entity.

Clocks/Thermometers

Workstation-Traceable® Radio-Controlled Clock/Thermometer

World's most accurate clock—for your workstation Traceable® Radio Controlled Atomic Clock is accurate to 1/10,000 of a second at all times.

Resolution is 1 second. Receives a radio signal directly from the National Institute of Standards and Technology atomic clock (accurate to one hundred billionth of a second) in Boulder, Colorado. Radio signal automatically adjusts for A.M./P.M., 24-hour time, day/date, daylight savings time, leap year, and leap seconds. Backlighting permits viewing in total darkness. Alarm volume increases until turned off. Temperature range is from 32 to 158°F and 0 to 50°C with a resolution 0.1° and an accuracy of $\pm 1^\circ\text{C}$. LCD digits, 1/2-inch-high, are readable from over 10 feet. Battery operation (one AA supplied) eliminates electrical outage concerns and runs continuously for 1 year. Size is 2-1/2 x 3 x 1-1/2 inches. Weight is 4 ounces.

Item #	Points
6557	420

Traceable® Clock/ Thermometer/Humidity

At a glance tell time, temperature, and humidity in the lab. Clock displays quartz-crystal timing with 0.01% accuracy, temperatures from -20 to 55°C and 10 to 130°F , accuracy is $\pm 1.5^\circ\text{C}$. Humidity range is 0 to 100% with $\pm 5\%$ accuracy.

Bright red, sweeping second hand provides superior visibility.

Temperature range is from -20 to 55°C and 10 to 130°F . Humidity range is from 0 to 100% with $\pm 5\%$ accuracy. Timing accuracy is 0.01% . Size is 12-1/2 inch diameter.

NEW!

CowParade Poster - Chicago and New York

For three years we offered more than seventy CowParade figurines as part of our rewards program. The CowParade offering was wildly successful and now you have the chance to decorate your office space with artwork in the form of a poster showing various collections from different cities.

CowParade is an international public art exhibit that has been featured in major cities all over the world. Fiberglass sculptures of cows are decorated by local artists, and distributed over the city, in public places such as train stations, important avenues, and parks. They often feature artwork and designs specific to local culture, as well as city life and other relevant themes. After the exhibition in the city, which lasts many months, the cows are auctioned off and the proceeds donated to charity.

Scenic photographer Rick Anderson is internationally known for his sweeping panoramic vistas and he captured the CowParade sculptures in a series of charming photographs. This high-quality art print is expertly produced to capture the vivid color and exceptional detail of the original.

Cow Candy

After you stop laughing you'll discover that this candy tastes udderly delicious! Select from four handmade mouth-watering choices... Cow Pies®, Udderfingers®, MooChews® or Homer's Snowflakes®. The Original Cow Pie is a distinctively shaped three-ounce piece of candy made from

fresh pecans drowned in smooth caramel and covered in rich milk chocolate. Udderfingers are crunchy butter toffee covered with smooth milk chocolate and generously sprinkled with almond pieces. MooChews are bite-sized creamy, chewy caramels smothered in velvety milk chocolate. Homer's Snowflakes® are three ounces of bite-sized pieces of rich white coating, creamy caramel, and fresh cashews! Imported from Wisconsin. NOTE: Available September-May only.
