Our integrated packaging lines include denesters, fillers, conveyors, F/F/S, tray sealers, vertical bagging, stand up pouches, zipper technology, scales, automated product handling, pick and place robotics, check weighs / metal detectors, cartoning, case packing, and so much more!

State of the Art Technology

Harpak-ULMA is the exclusive North American distributor of G.Mondini Tray Sealing, Filling and Meal Assembly equipment. The G.Mondini name is renowned for quality and reliability across every piece of equipment - from a single seal semi-automatic system to the more complex ready-to-eat meal packaging line in either heat seal or modified atmosphere. Harpak-ULMA's investment in Research and Development plays an important role in ensuring design innovation and technological excellence, ensuring the best solutions for our customers.

Harpak-ULMA has added RAMA cartoning and case packaging equipment to our line of products. Together with our offering of robotics, Harpak-ULMA provides a full line packaging solution that is a completely integrated, automated packaging system!
